Allowable Subject Matter

Claims **5-8** and **10-19**, submitted by Applicant on 8/15/2005 are **allowed**.

The following is an examiner's statement of reasons for allowance:

With regard to claim 15, the prior art of record does not disclose a method as claimed, and as interpreted in light of the supporting sections of the specification including page 8 line 3 – page 10 line 10, wherein the context of each linked communication network layer includes variables and methods, the methods including at least one of encoding and decoding in combination with all remaining limitations set forth in the independent claim.

The rationale set forth with respect to claim 15, similarly applies to independent claim 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sean Reilly whose telephone number is 571-272-4228. The examiner can normally be reached on M-F 8-5.
